Thank you for your continued support of Homestead Creamery. At Homestead Creamery, the milk we process comes from our family farms which are in their third and fourth generation of family ownership and have grown over the years to their current size of approximately 400 cows. Our milk supply has now grown to include additional local farms that meet Homestead Creamery's high quality farming practices.

At this time we are experiencing a shortage of our glass bottles. We ask that you please wash, rinse, and return your bottles to your milkman each week. No need to cap them! The caps may be recycled or thrown away.

For questions or concerns, please email homedelivery@homesteadcreameryinc.com or on the phone at 540-719-1020.
